

## Do's and Don'ts in Cyclone

- Keep your radio on and listen to latest weather warning and advisories from the nearest All India Radio Station. Pass the information to others.
- Avoid being misled by rumors, pass on only the official information you have got from the Radio to others.
- Provide strong suitable support for outside doors. Board up glass windows or put storm shutters in place. Use good wooden planks securely fastened. If you do not have wooden boards handy paste paper strips on glasses to prevent
- Do not go out and stay in safe place.
- Get away from low lying beaches or other location which may be swept by high tides or storm waves.
- Avoid going into the sea during cyclone.
- Be alert for high water in areas where streams of rivers may flood due to heavy rains.
- Get extra food, especially things which can be eaten without cooking or with very little preparation. Make provisions for children and adults requiring special diet.
- Store extra drinking water in suitable covered vessels.
- If you are, in one of the evacuation area, move your valuable articles to upper floors to minimize flood damage.
- When the authorities advice evacuation follow the instruction promptly and head for proper shelter or evacuation points indicated for your area. Remain in shelter until informed that you may leave
- Be calm. Your ability to meet emergency will inspire and help others.
- Keep calm at all times, if instructions are observed promptly, there is little Personal danger involved.
