

On-line Course in Management of Chronic Respiratory Diseases (Asthma and COPD)

The On-line Module has been successfully tested and piloted. It is a simple and user friendly course for primary care medical practitioner to learn. It is planned to run in the following manner:

1. Registration as a new user with an e-mail ID, at the website www.indianetred.org/www.searednet.org (The Password is sent through e-mail).
2. Login the course with ID and the Password.
3. Pre-evaluation (in the basic knowledge of management of asthma and COPD).
4. Training session – Stepwise: There are three different sessions to be attempted. One needs to wait for a minimum period of 12 hours before going from the first to the second and from 2nd to 3rd session.
5. An e-mail reminder will be sent if the trainee fails to go to the 2nd and 3rd sessions even, after a period of one week.
6. Post-evaluation at the end of the Course.
7. The trainee will receive a certificate of successful completion of the course if the score exceed 60 percent marks in the post-evaluation test. The certificate can also be printed on-line.

(If the trainee obtains less than 60 percent, he/shewill require to go through the course again. It can then be attempted in a single session without waiting for 12 hour intervals).
